The first, relating to the operations in the northwest part of Luzon, is as follows: "The llowing from the northwest Luzon coast: Young left San Fernando on the 23d inst., where Marsh's battalion of the Thirtythird Infantry arrived on the 26th, on which day Young was at Namacpacan. He was supplied by the navy gunboat Samar, and marched out next day. The battleship Oregon landed two hundred men at Vigan on the 24th inst.; there was no opposition and the sailors were welcomed by the in-habitants. The Spanish and American prisoners are still in the vicinity of Bangued, guarded by small insurgent force. Reports from the northeast indicate that five hundred insurgent troops are at Bayombong. ADMIRAL WATSON'S REPORT.

The Capture of Vizan by Marines from the Battleship Oregon.

WASHINGTON, Nov. 29 .- The following cablegram has been received at the Navy Department from Admiral Watson, dated | Special to the Indianapolis Journal. Cavite, Nov. 29:

"Wilde reports the capture of Vigan on Bermeleye of the marine corps. The land-Lieutenant Gilmore is well, with seven men twenty-five miles from Vigan. Received Meyer code letter from Gilmore by Albert Sosichen, a newspaper artist, who was with Gilmore seven months and escaped. Brought here by Samar. News from insurgents through Spanish sergeant indicates the Urdanetao crew were killed, except the four following, Farey, Greene, Power, Burk. Names of the Gilmore party are Waiton, Vandelt, Elisworth, Brisolese, Anderson, Edwards, Peterson. Some wounded were left at Balar. Gilmore has no news from them. The above dispatch taken in connection with the advices received to-day from General Otis, describing the success of the movements of the army under Young, encourages the naval officials in the belief that perhaps by this time the American prisoners referred to have already been re-With the naval contingent at Vigan, only twenty-five miles away to the west and the army advance probably little further distant to the southeast, the town of Pangued is nearly surrounded and there is little chance for the escape of the insurgent force there if they attempt to encumber themselves in their retreat with the prisoners. Taking the list of prisoners of Gilmore's party given in the cable from Admiral Watson as being at Bangued, the records of the Navy Department show that the following men must have been left at Balar, on e east coast of the island, where the Yorktown's boat's crew was captured last spring, John Dillon, Charles A. Morissey, Ora B. McDonald, William H. Rynders, O. W. Woodbury, D. G. Avenvill and A. J.

Altogether the news from both army and naval sources to-day is highly encouraging to the officials here, as indicating the practical end of the opposition of the insurgents in the north of Luzon. So far as known the only formidable force is that left in Cavite province under General Tryan, and that operating in Panay.

Active Campaign Is Being Formulated at Portland.

Special to the Indianapolis Journal. PORTLAND, Ind., Nov. 29.-The antisaloon League of Portland, organized some months ago, is showing considerable activity, and in consequence the saloon keepers of the town are feeling somewhat anxious. The plans of the league, which held a meeting last night, are being formulated with a good deal of secrecy, but it is said the fight will be carried on until every saloon in Portland is driven out. It is assumed, from this, that an effort will be made to secure the signatures of a majorky of the residents of the different wards in which saloons are located to a remonstrance against their being granted licenses. Violations of the liquor law are being looked after. Carl Harris was arrested and fined \$20 and costs or selling to a minor, and a case against James G. Vanvlerah, a similar offense being alleged, is now pending. Several persons expect to apply for license to the Board of County Commissioners next week, and it is currently reported that remon strances are in preparation and that a sharp fight will be waged to prevent any of these being granted.

TWELVE MEN SWORN IN

JURY FINALLY SECURED FOR TRIAL OF R. B. MOLINEUX.

Twelve Days Devoted to the Tiresome Work-The Defendant's Wife and Mother in Court.

NEW YORK, Nov. 29.-The twelfth and last juror in the case of Roland B. Molineux on trial on the charge of causing the death of Mrs. Katherine J. Adams, was secured at 5 o'clock this afternoon. Juror No. 12 is Frederick B. Crane, a correspondent of the American Book Company. Earlier in the day Theodore Sandhop, a manufacturer of chemical and surgical instruments, was selected as the eleventh juror. After the ceremony of administering the oath to Mr. Crane, Recorder Goff turned to the jury and explained that both the prosecution and the defense had consented to an adjournment until Monday, to-morrow being Thanksgiving day. He said that it was his desire to give the jurors a rest before entering on the arduous labors of the trial and that he was glad to be able to grant them the opportunity of spending the holiday with their family and friends.

To secure this jury of twelve men required twelve days of tiresome and technical work on the part of the court and counsel. Five hundred and four talesmen were examined, but only fifteen could stand the test, a large majority of the candidates for the jury box being ruled out because of conscientious scruples concerning capital punishment, circumstantial evidence and expert testimony. Of the fifteen talesmen who were accepted three, Daniel Fraad, Abraham Altmeyer and Morris Braude, were eventually excused by the recorder on the ground of ill health. During the morning hours of the trial, Mrs. Blanche Cheseborough Molineux and Mrs. E. L. Molineux, wife and mother of the prisoner were in the courtroom. The two women were greeted by General Molineux

the father of the defendant, when they entered. A few minutes later the prisoner came into the room. His face brightened perceptibly when he caught sight of his wife and mother, and hurrying forward he kissed them again and again. To-day is said to be the first anniversary of the marriage of Mr. and Mrs. Roland B. Molineux, and Mrs. Molineux is reported to have in-sisted on seeing her husband on the anniversary of her wedding.

Report of a Sortie from Kimberley.

The Belmont Fight. PRETORIA, Nov. 27.-General Dutort reports that the British made a sortie from Kimberley early on Saturday morning and fired on the Boers with artillery and infantry in the darkness. The British sortied where the Blochmoef Boer force was stationed. On our (the Boer side) there were three hundred men. Genral Dutort, who was nine miles off, hastened to the assistance of the Bloemhoef contingent with a hundred men. Nine burghers were killed, seventeen wounded and there were some missing. The British left on the field a private and a sergeant. It is reported that the British attempted to leave Kimberley on the east side to assist the troops from Bel-mont. Commandant Lubbe was slightly wounded. The British have repaired the lamage to the railroad. The Free Staters engaged with the British were overwhelmed by numbers and, after a brave stand until the afternoon, we were compelled to take up another position on the other side of the railroad. Delary says t is impossible to give the number of the killed and wounded Boers, but the loss is not great. The Boers had four guns to the British's twenty-four. The general says the Free Staters are full of courage.

The latter part of the foregoing dispatch (from "the Free Staters engaged"), evidently refers to either the battle of Belmont or the battle of Enslin or Gras Pan.

A RUDE AWAKENING.

"It is too late, madam, your daughter cannot live." Oh, mothers! do not wait for these heart-breaking words regarding those you love. Are your daughters pale, weary, languid? Do they have much headache and backache during their monthly periods? These are Nature's warnings to all sensible mothers. They need a pure, gentle stimulant.

DUFFY'S PURE MALT WHISKEY

is a specific and safe remedy for these ills peculiar to young women. It acts directly on the vital organs, stimulating them to healthy action, aids digestion and circulation, thus removing all irregularities and danger of quick consumption. It will surely give your daughters strength and rosy cheeks, and fit them for their useful sphere in life as healthy, happy wives and mothers.

The following letter of Miss Carson will interest every woman:

847 Columbus Ave., New York. During the past summer I became very much run down in health and lost about thirty pounds. I suf-fered untold agony. Duffy's Pure Mait Whiskey was recommended to me by a friend, who said it saved her life. I had my doubts about it, but thought I would try it. I am now on my fourth bottle, and I must say that it has done me more good than all other medicines, and I tried several. I had a cough, the doctor said my lungs were affected. I had indigestion, backache and headache, and was greatly troubled with painful menstruation. I also had numbness in my limbs. As soon as I began to take your Malt Whiskey I felt better, until now my cough has all left me, my lungs are perfectly sound, I have no more headache or backache, and I came from impoverished blood and poor circulation. I can't say enough in praise of your excellent Whiskey. I think it is the greatest medicine on earth. Every woman should know about it. I recommend it to anyone who suffers as I did, as I think it is a God-send to women.

Please send me your book of Information.

Gratefully yours.

Special to the Indianapolis Journal. LAFAYETTE, Ind., Nov. 29.-To-morrow's football game with Indiana University has aroused the highest enthusiasm at Purdue. Expectations of victory are strong, and a record-breaking attendance is assured, if the weather holds good. That the battle must be hard fought is recognized, but the team is in good shape, notwith-standing recent hard work, and McKenzie, injured in the game with Northwestern, is the only regular who win not line up in the contest for supremacy. The week's practice has been judicious, and the men all are in the best of trim. Large delegations will attend from Bloomington, Green-castle and Crawfordsville.

The Muncle-Peru Game. Special to the Indianapolis Journal.
